

Holland Free Health Clinic 2021 Impact Report

MISSION

To express the healing ministry of Jesus Christ by facilitating access to health care for those in need.

Our Purpose is to ensure access to services for the underserved, providing free care with a holistic approach that addresses needs of the mind, body, and spirit.

Founded in 2002, Holland Free Health Clinic provides free health services to the medically underserved. HFHC has a history of offering programs that match the needs of our community and address local service gaps, working to ensure that healthcare is accessible for all. Current services include dental, vision, mental health, chiropractic, hearing, medication assistance, diabetic support, and our Pamper & Prayer foot care clinic.

At HFHC, care goes beyond treatment and places great emphasis on prevention and education to help patients understand the importance of a healthy lifestyle. We focus on cultivating collaborative community involvement and the utilization of volunteer healthcare providers to meet the needs of our clients. Despite another challenging year in the midst of a pandemic, HFHC is determined to live out our mission.

\$17,109,465
